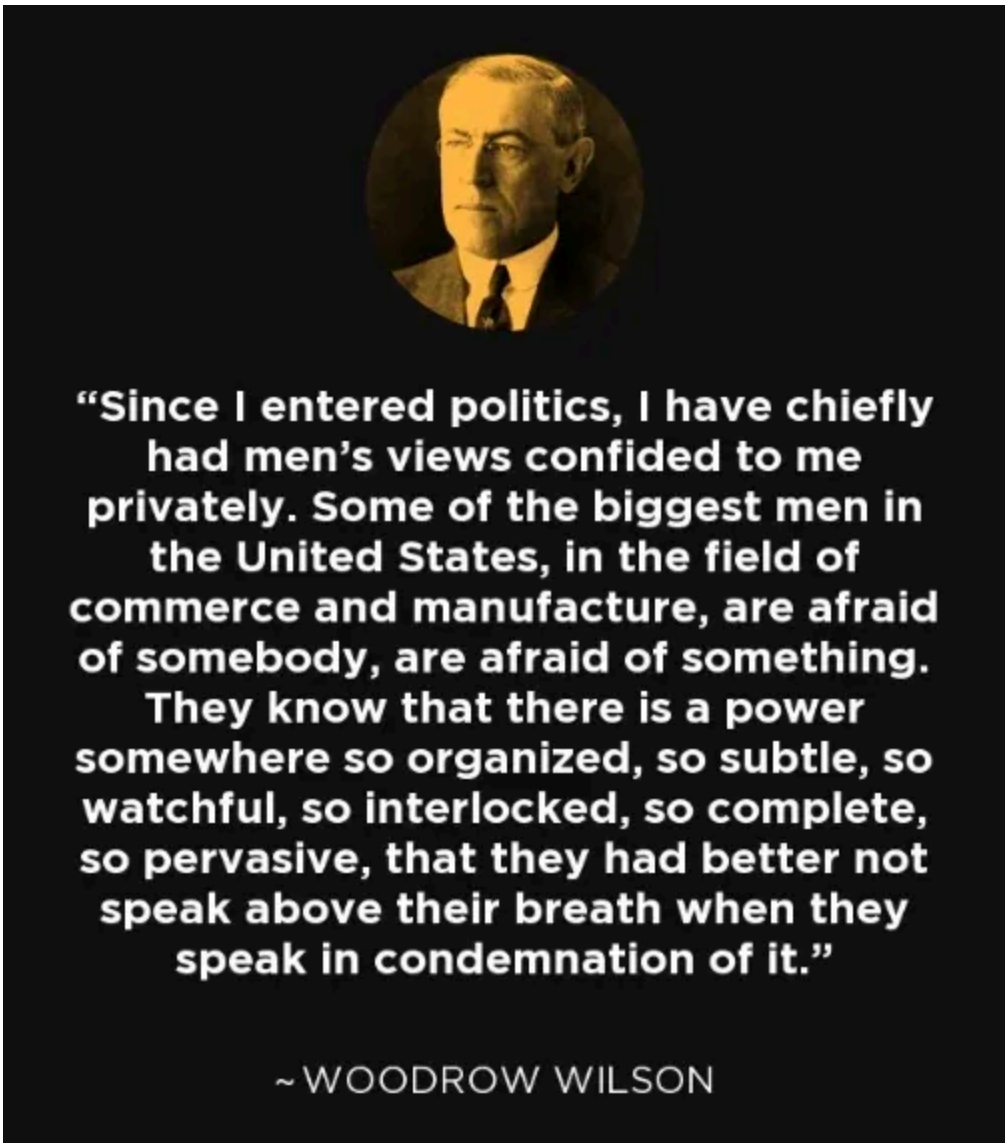
Revisionist Historians for World Peace



Please, every reader, take some quality time right now to very slowly and very carefully read the preceding quote from President Woodrow Wilson.

Now, sit for moment, and deeply contemplate exactly who it was that the stealthily controlled (Federal Reserve Act & Income Tax Legislation of 1913) and terribly manipulated (World War I & League of Nations) Wilson was really talking about. Because President Wilson knew in his bones who the barbarians inside the gate were since he was forced to learn the hard way—REAL HARD!

It ought to be intuitively obvious, at the very late date, that all of the genocidal cataclysms, which were meticulously engineered over the past 250 years, could only

have been carried out with such stunning success by an extremely close-knit tribe of criminally insane murderers and pathologically ingrained thieves. For only a profoundly perverted and exceedingly diabolical bloodline, with such an inveterate bloodlust and implacable savagery, could ever have accomplished the following:

The Second Boer War,
Russo-Japanese War,
Sixth Cholera Pandemic
Mexican Revolution,
First and Second Balkan Wars,
Armenian Genocide,
World War I,
Bolshevik Revolution,
Russian Civil War,
1918 Spanish Flu Pandemic,
The Great Depression,
Holodomor Genocide,
Chinese Civil War,
Spanish Civil War,
World War II,
The Holocaust,
First Indochina War,
Korean War,
French-Algerian War,
Israel's War of Independence,
First Sudanese Civil War,
1956 Suez Crisis,
Asian Flu Pandemic,
Cuban Revolution,
1967 Six-Day War,
Yom Kippur War,
Chinese Cultural Revolution,
1982 Lebanon War,
Second Lebanon War,
Soviet-Afghan War,
Vietnam War,

1968 Hong Kong Flu Pandemic,
1973 Oil Crisis,
HIV/AIDS Pandemic,
Cambodian Genocide,
Rwandan Genocide,
First & Second Chechen Wars,
Black Monday–October 19, 1987,
Japanese Banking Crisis of 1990s,
1994 Mexican Peso Crisis,

Iraq Wars,
1997 Asian Financial Crisis,
2000 Dotcom Bubble Burst,
9/11 Terrorist Attacks,
Argentina Debt Default,
War on Terror,
Afghanistan War,
Syrian War,
Libyan War,
2007 Real Estate Market Collapse,
2008 Stock Market Crash,
2009 Global Financial Crisis,
Ukraine War,
COVID-19 Pandemic,
Covid Super Vaccination Agenda,
all have one thing in common— the Khazarian Cabal.

What's the critical point?

The preceding list of crime waves against humanity and crime sprees against various nations were all — OBVIOUSLY — long planned enterprises and highly organized endeavors. Which, again, means that a very secret cabal of co-conspirators, who possessed an extraordinary amount of real wealth and raw power, was always working assiduously in the background pulling the right strings and pushing the necessary buttons to trigger centuries of truly apocalyptic events and intermittent *Armageddons*.

Well, guess who that incorrigibly criminal clan of hardcore killers and crazy kleptomaniacs might be?

The Hidden History of the Khazarian Cabal

The above video presentation provides a grand sweep of the most consequential history of the past 200o years regarding the ***"Khazarian Mafia"*** that has actually terrorized planet Earth for many centuries.

However, it's crucial for the viewer to correctly understand that it's actually the **Khazarian Cabal** that rules the entire planetary civilization, of which the ***Khazarian Mafia*** is both its primary terrorist organization and enforcement arm. The other two major arms of the **Khazarian Cabal** are the Ashkenazi Banksters and Zionist Warmongers. The Neocon propagandists are also quite prominent in this conspiratorial plot to take over the world via terrorism and war.

While this video does an excellent job of telling the true history of the genocidal Khazarian Klan, there is one vital chapter that was left out due to the intended brevity of this production.

> **"If ever the devil were to create the perfect entity by which to carry out his most nefarious deeds without detection, the publicly held CORPORATION is it."**

That monumental chapter concerns the ***Northern Italian Black Nobility*** (NIBN). And, especially the collusive relationship of business convenience that developed between (i) the Italian Catholic noblemen, landed gentry and merchants AND (ii) the Khazarian terrorists and their partners-in-crime—the Jewish moneychangers/banksters who migrated to northern Italy prior and during the 13th century and throughout the 14th century.

Lastly and most significantly, the major cities of Northern Italy such as Venice, Genoa, Milan, Turin, Florence, Bologna, Verona, etc. were the home of the world's first corporations. All of those corporations were established under the aegis of the Roman Catholic Church which means that, even today, the Vatican (a Khazarian-overseen institution) exerts complete command and control over the global corporatocracy via Rome's Jesuit overlords.

But where did the capital come from that so quickly facilitated the formation of a worldwide corporate enterprise as well as capitalized the largest banking houses in Europe? After all, it required a massive infusion of capital to construct the necessary corporate architecture during those rudimentary stages of the corporatocracy. And, especially when the subsequent build-out of the massive global Military Industrial Complex was the ultimate goal by which to sustain the planned perpetual war economy of today.

The **Northern Italian Black Nobility** built their fortunes via four of the greatest conquests of all time. They inherited the accumulated wealth of the most rapacious empire in history—the Roman Empire; that is, before there was a British Empire. They grabbed the spoils of the nine major crusades to the Middle East. They were the direct beneficiaries of the unparalleled transfer of wealth from East to West that occurred in

the wake of Venetian Marco Polo's travels to the Mongol Empire of Kublai Khan whereupon the Silk Road trade route was re-established.

The key takeaway from this well concealed back story is that the current Global Economic & Financial System was constructed around those NIBN banking houses and original corporations, all of which which were incorporated throughout northern Italy under the protective umbrella of the Roman Catholic Church. This obscured fact of history is a most significant development because of how the NIBN oligarchs and their Khazarian henchmen have covertly established the corporatocracy which wraps around the planet like a blood-sucking octopus. Which that the CORPORATION is the primary means by which the Khazarian-controlled ***Northern Italian Black Nobility*** continually rapes, pillages and plunders the world community of nations today with virtually absolute impunity.
